<b>Cooperation</b>	Cooperated with others fully. Worked out any differences that came up.	Had a few, brief, civil disagreements with others but were able to resolve them.	Often battled with others, but had a few "golden" moments.	Refused to cooperate.
<b>Contribution</b>	Contributed to the full extent possible. Contributions were helpful to the project.	Made some good contributions. Some ideas were conducive to the assignment.	Made little to no contributions to the group.	Refused to contribute to the group. Withheld from conversations.
<b>Responsibility</b>	Person did all things delegated to them in a timely manner. Tasks were complete.	Delegated tasks were normally finished on time. Some finishing details were lacking in the tasks.	Tasks were seldom done on time. Tasks were only partially completed and needed to be finished by other members.	Refused to take on tasks/do tasks asked of them by the group.
<b>Over-All Attitude</b>	Great person to work with! No complaints.	All right to work with. Helped when they were able, but would sometimes argue about how to do things with others.	There were conflicts from this person in the group that made it hard to work with them. This effected the group's ability to work.	Very difficult person to work with. This was a bad "fit" for this specific group.
